WORK EXPERIENCE

Availity, Indianapolis, IN   2016 Summer
Software Developer Intern
- Full-stack development of a web application for Availity's RCM Web Portal which digitizes the process of provider onboarding and management
- The provider onboarding application reduces turnaround time, human error, and increases the amount of provider data within Availity's OCS database. The application gets a new office and its providers using Availity software up to three weeks faster than the previous faxing onboarding system
- Worked in a highly collaborative agile scrum team with five other interns from different backgrounds
- Experienced comprehensive full stack development using AngularJS, HTML, C#, SQL, and Git for version control

Wolfies Bar and Grill, Noblesville, IN
2012 - 2015
Manager
- Expedited while making sure all goals were met and the kitchen was running as efficiently as possible
- Scheduled cooks hours and responsibilities by managing availability, capacity needs, and staff retention
- Maintained a positive morale among employees in the kitchen throughout busy times
- Cashed out servers at the end of the night and was in charge of distributing tip out among cooks
Line Cook
- Closed the kitchen, ensured all health and safety requirements were satisfactory for inspection, and trained cooks on all kitchen stations. Awarded hardest working employee by my peers and superiors

---

LEADERSHIP AND ACTIVITIES
